

Health and Safety at All About Kids

We are taking the following precautions to ensure our students have limited exposure to all viruses. Our facilities are cleaned and disinfected daily. We have increased our cleaning routine even more to be proactive.

- **Illness Policy** - To keep our students and employees safe and healthy, we ask that you keep your child home if they exhibit any symptoms and they are not "well".
- **Fever Free For 24 Hours** - If you are ill, or someone in your family is ill, please stay home. Please ensure your child is fever and symptom free without medication for 24 hours before returning.
- **Discouraged Water Fountain Use** - We discourage water fountain use at this time. If you would like water, please get a cup from our Cafe or bring a water bottle that is labeled.
- **Limiting Spectators** - We want to limit spectators to our facility. This includes events, classes, teams, etc. We will offer a "FaceTime" area to record our Performance Day, Birthday Parties, etc. for Grandparents and relatives.
- **Make-Up Policy** - As always, we have unlimited make ups! Please use a make up if you suspect your child or anyone in your family may be ill.
- **Limiting Contact** - Our coaches will coach students with limited contact (no high fives, hugs, etc.) Only spotting when necessary.

As always, wash your hands frequently and stay safe. Please see www.cdc.gov for more info. AAK will follow all CDC guidelines.
